Via Val Gardena 9
20128 Milano, Italy

Dear Antonio,

Given the persistence of this global health emergency and the increase of infections over the last weeks both in the US and in Italy, and also in consideration of the guidelines on quarantines in the event of positive cases within the touring company, Parsons Dance agrees that the conditions do not currently exist to leave one's country and fulfill its commitments during the weeks in which the shows were due to be performed in Italy, i.e. February and March 2022.

Parsons Dance asks for the serious consideration for a postponement of the shows. Being well aware of the inconvenience caused to theaters, we are willing to make up for the aforementioned shows by giving the Company's full availability during November and December 2022.

We at Parsons Dance hope and wish that at that time the emergency will be considered over, and that conditions will be more favorable for completing our commitments safely for audiences. We would like to express our sincere thanks to everyone for understanding and for the support.

Respectfully,

Rebecca Josue
Executive Director
